

EVEREST

architectural
shingle

features & benefits

- 42" x 14" shingle size — 6" exposure
- 13% less shingles to install. 8 less pieces to lie per square.
 - 200 less shingles and 800 less nails for a 25sq roof
 - SAVE TIME, MONEY AND EFFORT!
- before the shingle market went to a limited lifetime warranty, the Everest shingle still carried a 40yr warranty which was better than most of the competition
- 15 year 100% coverage before pro-ration begins which is an additional 5 years over other major brands
- two sealant bands — one solid and one staggered which provides double protection against the elements
 - better wind and wind-driven rain resistance
 - greater resistance to water infiltration and surface uplift
- 110 MPH wind rating
 - 135 MPH when installed using high wind application
- 10 year algae warranty
- 240 lbs per square and has a thicker mat
- dramatic shadow bands to create bold and dynamic style
 - high contrast, drifted colors - FANTASTIC curb appeal
- graceful character — powerful protection — superior quality
- roofing selection visualizer available at www.bpcan.com
