TC-G butt seam bag 55 cnt  
with screws

*all butt seam clips need to  
be installed using drill*

The Tiger Claw TC-G clip system is the fastest, easiest way to hide fasteners on grooved decking. It has been specifically designated to work with many brands of composite decking including Tamko EverGrain® and Envision® decking which are available through Tri-State Forest Products, Inc.

- ⇒ Available in a hand driven or pneumatic gun installation method.
- ⇒ Spacer tabs on the clip automatically gap the decking 3/16" for a consistent look.
- ⇒ The TC-G reduces splitting and board cupping and comes with a 25 year warranty.
