**FastenMaster**  
FASTER EASIER STRONGER

## Dealer Overview

FastenMaster is continuing the free Tiger Claw Pneumatic Installation Gun Promotion, and we have simplified the process. Please take advantage of this offer.

### Program Goal

We want this to be as easy as possible for our distributors and dealers. We have actually made it so easy that all you need to do is get the word out. There is no paperwork, credit requests or ordering required on your part. Everything is handled at the point of sale and FastenMaster will take care of delivering the gun.

### How it Works:

1. The Dealer sells a minimum of (2) gun pails or (3) gun boxes of clips manufactured by FastenMaster.
2. Email a PDF of the invoice and completed gun application to [TigerClawGun@FastenMaster.com](mailto:TigerClawGun@FastenMaster.com)
3. FastenMaster will contact the builder to arrange delivery of gun.
4. This is a one time offer. For first time users only. Builders that have previously received a gun from FastenMaster, Tiger Claw or our partners are not eligible.
5. Gun may be delivered immediately to jobsite by a FastenMaster Sales Rep or shipped to builder within 3 business days.
6. For expedited delivery contact FastenMaster.

### Any Questions, Please Contact:

FastenMaster Technical Specialist
