

PREMIUM TRIM BOARD

S1S2E (rough one side)

DakTrim is an exterior wood primed trim board produced from #2 premium ESLP boards (Engelmann Spruce & Lodgepole Pine). ESLP boards have small, tight knots and a fine grain. ESLP boards are commonly used in appearance applications making this the perfect species of wood for manufacturing DakTrim. DakTrim is manufactured and graded for appearance to ensure 100% usage. All units are paper wrapped and have corner protectors. DakTrim is packed to protect the textured face.

PRODUCT FEATURES:

- Solid (not finger-jointed)
- PPG acrylic latex primer designed specifically for exterior wood trim.
- No holes, no wane, no loose knots
- Useful for fascia, door & window trim, corner boards, garage door trim, facing columns and more
