

**Want a PVC trim product that is protected from lumberyard dust?**

**Want a PVC trim that doesn't need cleaned before painting?**

**Want an authentic woodgrain that has tremendous curb appeal?**

**Want a damage free product that can be easily returned to the lumberyard for credit?**

- ⇒ Protective covering on the smooth and textured side
- ⇒ Dense free-foam, uniform cell structure which allows for outstanding workability
- ⇒ Sealed edges that do not collect dirt
- ⇒ Unique profiles such as trimboard with window fin, skirt boards, J-channel w/ window fin and J-channel corner board
- ⇒ mouldings that include six crown profiles, base cap, brick, bed, scotia cover, quarter round, drip cap, shingle and historical sill
- ⇒ The Cortex fastening system means no additional caulking, sanding or painting needed on the surface.
